

"I had soreness in my neck and soreness in my lower back, plus numbness in both my arms. Three (3) weeks after beginning treatments, I have 85% improvement in my neck, lower back and arms!" J Isle, Gilliam

"I had a lot of back pain and was walking bent over. Now I walk upright! I am getting better in both my neck and right leg!" D Clutter, Marshall

*"When I started chiropractic care I was only 13 years old. I had low back pain and my neck hurt at least two times a week. Now I have more energy and flexibility. I stay focused better at school."* C Brown, Marshall

"My neck and upper back were sore and tight all the time. I also had a nerve in my neck that caused varying degrees of pain and headaches. The soreness in my neck affected my sleep. Now I no longer wake up in the night feeling stiff and sore. I don't have headaches and my back is looser also. I am more rested and feel much stronger and more flexible. Now I am able to continue my dance workout." P Danner, Blackwater

"When I came in I had problems with my lower back, headaches and wasn't sleeping well. Dr. Lockhart has been able to give me relief in both my lower back and in my neck. My headaches are gone and I am sleeping much better." M Welborn, Marshall

"I started chiropractic care when I was 11 years old. When I started I had breathing problems, and back pain. I wasn't able to do things like the other kids. Now I can walk all day without hurting, go sledding and other fun stuff." A Phillips, Marshall

"Dr. Lockhart has helped me with my elbow and shoulder pain. I no longer have pain in my low back, and I stand straighter. I have more energy and am sleeping better." J Claggett, Marshall
